

The Six Results of the Seventy Weeks of Daniel

Daniel 9:24

❑ To finish the transgression

The Israel's transgression against God will be brought to an end at the culmination of the 70 weeks.

❑ To make an end of sins

God will no longer apply Israel's sins in judgment to the nation. He will "remember their sins no more."

❑ To make atonement for iniquity

The Messiah will provide the basis for the ultimate and final atonement for the nation of Israel's iniquity.

❑ To bring in everlasting righteousness

The introduction of the King of righteousness will provide perfectly righteous judgment at the end of the 70 weeks.

❑ To seal up the vision and prophecy

The vision and prophecy of the 70 weeks will be culminated in the need for no more revelation material dealing with the course of Israel during their wanderings from God.

❑ To anoint the most holy (place)

The Holy of Holies will become separated exclusively unto the use for which it was originally designed by God, the result being that the Messiah (anointed one) will sit on His throne in Jerusalem in the most holy place.
